👤 ABOUT ME

As an interactive media designer, I excel in web design, UX/UI, and motion graphics. Proficient in HTML, CSS, and JavaScript, I create visually appealing and user-friendly websites. My expertise extends to UX/UI design using tools like Sketch and Figma, and I bring concepts to life with captivating animations using Adobe After Effects and Cinema 4D. I combine technical proficiency with design sensibilities to deliver compelling digital experiences.

💼 WORK EXPERIENCE

Peer Tutor - Seneca College Toronto
Jan 2023 - Present
- Conducted interactive Web Development tutoring sessions, clarifying complex programming concepts.
- Facilitated group study sessions for Introduction to Adaptive Web Design, reinforcing key programming principles and promoting collaborative learning.

Teaching Assistant - Seneca College Toronto
January 2023- Present
- Collaborated with the lead teacher to manage classroom activities, create effective lesson plans, and implement engaging learning activities.
- Conducted personalized and group tutoring sessions, reinforcing concepts and addressing misunderstandings. Actively engaged in ongoing professional development to enhance teaching skills and knowledge.

Customer Service Representative - Walmart Toronto
Mar 2020- Mar 2022
- Achieved outstanding performance in promoting the Walmart Reward MasterCard, processing 62 valid applications, and achieving an 82% success rate in TSP.
- Provided excellent customer service, handling 60+ daily transactions both in-person and over the phone, including processing money orders through Western Union and assisting with various inquiries.

Web Developer/Designer - Rahmat Company - Tehran
Jan 2014-Nov 2019
- Spearheaded the development and maintenance of dynamic web applications, leveraging expertise in JavaScript, CSS, and HTML to ensure seamless functionality and user experience.
- Designed and implemented responsive websites, collaborating closely with project managers, designers, and fellow developers to achieve successful project outcomes, while conducting rigorous testing and debugging to optimize web application performance.
